# SHORTHORN SALE

YOU CANNOT HAVE POPULAR BREEDING TO SELL  
UNTIL YOU FIRST BUY POPULAR BREEDING

The only way possible for a breeder to have sons and daughters from a bull whose bloodlines are proven and in demand, or to have females from well respected families to offer his customers, is by first buying bulls and females that have these qualities. Until a breeder makes this move he must continue to sell less popular and less profitable cattle. So many herds are started the second time. These second starts prove extremely costly both from the standpoint of lost time and lost money. The new breeder who starts with the right kind of cattle will never have to start over again. If he buys from going concerns, he will eliminate a lot of uncertainty from his future production and selling problems.

## NOW, MORE THAN EVER BEFORE QUALITY PAYS DIVIDENDS

There is a greater spread between medium and top quality in the prices we are receiving today for both purebred and commercial cattle. We have just gone through a ten year period of extreme demand, — a period during which almost any four legged bovine creature with a registration certificate has sold readily to one or another type of buyer. But, today, it takes top quality and proven bloodlines to sell readily at top prices. The plainer kind move at a figure only slightly higher than butcher price. Now, more than ever before, it is important that our breeding herds be constituted of the best quality and coupled with the most popular and potent bloodlines we can afford and assemble.

You can buy this kind of quality seedstock in this annual Retzlaff-Hyde production sale. Buyers who have been former customers of these two herds have been unusually pleased with the way their purchases have developed for them and there have been numerous instances of more than usual success in this respect.

The Retzlaff's are selling some mighty fine herd bull prospects. Certainly in their Nebraska state fair grand champion that sells in this sale they are offering one of the good bulls to sell anywhere this year. Everyone who has seen the females they are offering agrees it is the most uniform and valuable group they have ever put up for sale.

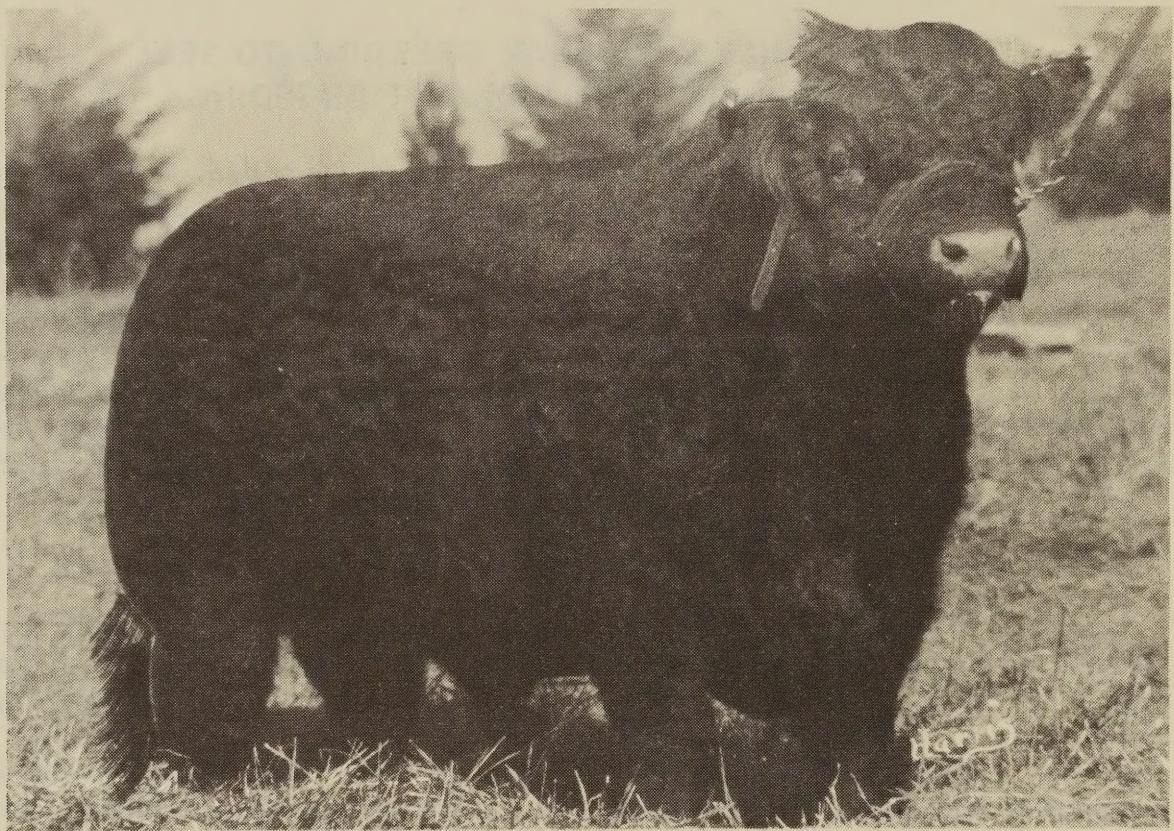

Buyers at last year's sale who secured the thick, deep bodied, meaty females consigned by O. R. Hyde & Son, were all pleased with the way their purchases developed. Again this year, these folks are bringing some more of the same kind.

I am confident you will like the cattle in this sale and that your visit to the Retzlaff farm on November 2nd will be most pleasant and profitable.

BRAEMOR PRESIDENT 6th — here is our senior yearling show bull and he made a good showing at all the major fairs despite the fact that he was several months younger than most of the bulls shown in this class. His dam, is a very thick, low set cow and she also produced a champion bull for us at the Nebraska-Kansas sales at Superior. Here is a really thick bodied, typy bull that can do some herd a lot of good.

BRAEMOR PRESIDENT 9th — here is the 1953 Nebraska state fair grand champion bull that we think is one of the best we have ever produced. He is thick and deep bodied with a lot of wonderful fleshing. He has been outstanding since a calf and is out of Clara 81st, as good a cow as we own. She has produced three top bulls prior to this for us and has another good red bull calf now on the farm that will be one of the good ones we will be showing next year. Braemor President 9th was first prize junior yearling and junior champion at the Kansas State Fair this year and he also stood second at Iowa and Topeka. If you are looking for a top red young bull, here is the answer.

# RETZLAFF-HYDE

## Standard Guarantee of the American Shorthorn Breeders' Association

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller. Cows with calves at foot even though bred are not given any guarantee.
4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
5. All animals are sold to comply with the laws regulating Tuberculosis and Bang's Disease of the state or country into which they may be shipped.
6. Certificates of registry and transfers will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record of sire and dam, as well as service date.
7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off.
